So we seem to have a crack on top of a curve right at the edge of an embankment.

Please see attached photos.

What is the procedure for getting this crack repaired?

I walked the entire track and could not find any other cracks.

We are very happy with our pump track and have great plans for capitalizing on our investment. We hope to take advantage of having the only certifiable pump track in Michigan with holding an event.

Request for reimbursement for printer and scanner services.

For years I have been using my personal printer for making up meeting packets and responding to correspondence, drafting ordinance, resolution, Plan amendments, agendas etc.

Yes, in some cases I could email or take the documents to the Village office and have them printed and copied but that takes more extra time that I don't have. I say more time because I'm in the Village office almost every day taking care of SDDA business.

The Village, with new management and new Village Clerk more the fulfill their clerical obligations for the SDDA.

Recently the Village has been furnishing me printer paper.

This month alone I printed over 241 documents which is more than the printer plan I have allowed without creating extra charges at 10 cents a page. My plan cost \$7.00 a month for 100 pages so this month I'm looking at a \$20.00 bill.

So, I'm requesting an annual reimbursement of \$200.00 for providing printing and scanning service and to cover wear and tear on my printer/ scanner.

Sincerely

Daryl Andrson

to clerk@vosmi.org, president@vosmi.org, me

Based on the attached, the Village owes the DDA \$17,266.12 at 2/29/24 for previous year's DDA tax captures.

For the Township, I am waiting to hear back from the Township, but I believe they still owe the DDA \$24,120 from the 2022 tax levy. The report they sent me says they paid over \$100,988.38 to the DDA for the 2022 taxes, but I can only trace through \$76,868 in payments in the bank statements (which ironically, that amount also matches the payment schedule the Township sent as well), so we need to figure out where that remaining \$24,120 went.

I will let you know when I hear back from them.

## Daryl,

Are you interested enough in trying to get an Aldi to locate in Stockbridge that you might want to meet with me and brainstorm some ideas?

- 1) Geri Uihleine said that she talked with a female representative of Aldi about the old grocery store location and the representative did not seem to be interested.
- 2) I asked Geri for the reps contact information and she said it was confidential as a realtor.
- 3) Aldi has a main division warehouse in Webberville--the Webberville Division.
- 4) It seems to me that Stockbridge is an ideal location with M-52 running through it, with the need of 6 surrounding townships also in need, with the warehouse just down the road, etc.
- 5) The contact person for the Michigan region regarding real-estate requirements and opportunities is Andrew Shaw 517-984-0126 <a href="mailto:Andrew.Shaw@aldi.us">Andrew.Shaw@aldi.us</a>.
- 6) I think that with the new Tractor Supply in town, the new Health Center hopefully about to be built, the support of some of the Village and Township leaders, we should be able to provide enough incentives to make Stockbridge a really prime target for one of the 800 new stores they want to open.

Want to meet and talk? Should we include CG Lantis and Jill Ogden just to brainstorm or do you already have folks thinking about this?

I'm interested. Ginny
